Randy and Laura,
I drafted a few bullets based on the conversation that Randy and I had this morning re: the role the R6 tribal program has been playing in the emergency response efforts. This is rough but it's a start.

Laura, please let us know if this is along the lines of what you are looking for. Since the tribal program is cross-cutting, our role in hurricane response is quite different than the water program, for example.

Okay, I am also copying Rebecca who is Acting for AIEO today to coordinate this with Region 6.

Hi Shereen,

I've attached the final water fact sheet as an example. OPA needs a similar fact sheet for tribal support. Goal of the fact sheet is to show EPA's role in responding to the disaster and then information on how each office supports.
